

NJOKO SOPBWE AUDREY JUNIOR

LinkedIn: [sopbweaudrey](#) • (+237) 658-538-657 • Github: [njokojunior](#) • njokojunior1@gmail.com

Software Engineer with experience in developing software solutions and a strong ambition to combine information technology with geosciences, environmental research, and data analysis. Proven experience in building robust web applications using the MERN Stack and NestJS, as well as leading and mentoring development teams. Strong analytical and quantitative skills form the foundation of my work. My goal is to leverage technology, data-driven problem solving, and my passion for sustainability to make meaningful contributions to marine research and ocean conservation.

Education

OCTOBER 2021 – JULY 2022

Bachelor of Technology in Software Engineering | IUES/INSAM | Douala, Cameroon

OCTOBER 2019 – JUNE 2021

Higher National Diploma in Software Engineering | Landmark Metropolitan University | Buea, Cameroon

Technical Skills

- JavaScript (ES6+), TypeScript, Java, SQL, HTML5, CSS3
- React.js, Next.js, Tailwind CSS, Responsive UI Design
- Node.js, Express.js, NestJS, Prisma ORM, RESTful APIs
- MongoDB, PostgreSQL • DevOps & Tools: Git, GitHub, Docker, Railway, Postman, CI/CD
- Additional Skills: JSON, MVC Architecture, SEO Basics, API Integration, WordPress, Adobe Illustrator, Adobe Photoshop

Professional Experience

FEBRUARY 2023 – TODAY

Software Developer | Zenvatech | Buea, Cameroon

- Developed RESTful APIs and implemented secure authentication and role-based access control
- Built automation scripts and CI/CD pipelines to accelerate software deployment using Docker and Railway
- Developed and deployed scalable, responsive web applications using the MERN Stack and PostgreSQL.
- Redesigned existing systems using Prisma ORM and PostgreSQL to improve performance and maintainability.
- Built internal applications for training management, certificate generation, and participant administration.
- Developed reusable UI components and optimized application performance across multiple client projects

Projects

WATCH THIS GLOBE:

A global media platform that delivers news, stories, and video content covering entertainment, culture, current events, and trending topics from around the world, with a focus on engaging and informative storytelling

GRAND OUEST FRET SERVICES:

Website built during our Full-stack Training Program
